

“First Hour Free” is a unique new program exclusively available at the Chamber of Commerce of Cape Coral that brings members together. It is a member resource that brings business experts together with members who need business assistance.

How it works...

The member businesses who agree to be experts will be marketed with the “First Hour Free” logo next to their business listing on the Chamber Website.

Members who need business counseling in that area of expertise can make arrangements with that member for one hour of free consultation. If additional time is required, then those members negotiate the details of a longer term relationship.
